NSF REU in Fungal Genomics and Computational Biology

May 20-July 26, 2024*

Applications are currently being accepted for the NSF-funded Research Experiences for Undergraduates (REU) Program in Fungal Genomics and Computational Biology. The program offers a unique opportunity to work with UGA faculty mentors in fungal genomics, computational biology, bioinformatics, metabolomics, cellular & molecular biology, and systems biology. Participants will receive a 10-week stipend, on-campus housing, food allowance, and travel assistance. **Application deadline is March 1, 2024.**

Applications are being accepted through the NSF ETAP site (<https://etap.nsf.gov/applicant-info>)

To learn more about this opportunity, please see <https://bmb.uga.edu/fungal-genomics-and-computational-biology> or contact genomicreu@uga.edu.

****PLEASE NOTE: May 20-24, 2024 will be virtual. On campus activities begin May 25, 2024.***
